.....

hereinafter referred to as "User", on the other hand, as follows:

I. Agreement

The user can use SELMOstudio for modelling and code generation for PLC systems and HMIs. SELMOstudio is free of charge and easy to download. Fees are only charged for permanent use of the PLC code, a test mode for 30 minutes is always available. The fees allow permanent use for one control. By downloading SELMOstudio, the user accepts all terms and conditions (www.selmo.at) especially the EULA with all relevant terms of use in a legally binding manner.

II. User support

The application of the SELMOstudio is defacto self-explanatory for experienced programmers, but in any case the following support is offered:

- a. An extensive help portal on the homepage in German and English, free tutorials via Youtube channel
- b. Chargeable support for modelling
- c. Paid seminars for technology transfers and application

III. User fee

The use of the SELMOstudio is charged according to SELMO-TAG(points). With the activation request at licence@selmo.at or via the SELMOstudio, an invoice will be issued within 24 hours, followed by the payment of the activation code to the specified customer account.

IV. Liability

SELMO - Partnership contract for mechanical engineering and PLC developers

The modelling describes the process, the system structure, the parameters and the display. A PLC code is generated from the model on the basis of the SELMO Technology GmbH algorithm. SELMO Technology GmbH accepts no liability for damage or malfunctions due to incorrect functional process description.

V. Mutual support

The user has the right to advertise his generated PLC and HMI codes as SELMO standard, also a reciprocal naming of the companies for marketing and sales purposes is permitted free of charge.

- a) the user shall name a contact person for SELMO with whom the coordination of support services must take place.
- b) the following are required for marketing purposes
 - a. Company logos in the various data formats
 - b. Factory and application photos and videos in the following formats
 - c. Performance data of project implementation and commissioning times
- c) The awareness of SELMO creates an attractive sales channel for the implementer, which SELMO can pass on directly to the implementers in the form of projects.

VI. Duration of contract

The User Agreement shall be concluded for a limited period with immediate effect until 31 December 2023 (the thirty-first day of December in the year two thousand and twenty-one).
